

## WAR LOOMS UP BETWEEN TURKEY AND ALLIES

### CONSTANTINOPLE, PRIZE, THREATENED TODAY IN NEAR EASTERN TURMOIL

Victorious Army of Mustapha Kemal Which Crushed the Greeks is Reported Eager to Advance Upon the City Now Held by Allied Forces

British Concentrate Entire Mediterranean Fleet in Near Eastern Waters; French, British, Italian Commissioners Serve Notice on Kemal

By United Press

London, Sept. 12.—War between Turkey and the Allies with Constantinople as the prize, threatened today.

Abbey Bey, Turkish delegate in Paris, issued a statement announcing that Turkey would demand the return of Constantinople. Allied high commissioners notified Mustapha Kemal that invasion of the Constantinople neutral zone would not be permitted.

The victorious army of Kemal which has quashed the Greeks, is reported eager to advance upon the city, which is now held by the Allied forces.

Great Britain, according to word given out here today, has concentrated her entire Mediterranean fleet in the Near East waters prepared for any eventualities.

It is understood that French and Italian ships are en route. Lloyd George is given credit for bringing the French into line, and persuading them to join the other allies in presenting an unbroken front to the Mohammedans. Heretofore they have favored the Turks. The Allied troops in Constantinople are guarding the foreign quarters, according to dispatches received here today, to prevent recurrence of the riots there yesterday in which the Turks looted shops of Christians. Several persons were reported killed.

The notification to keep out of Constantinople served on Mustapha Kemal by the French, British and Italian high commissioners, was based on instructions from their home governments.

It was handed to the Kemalist representative who forwarded it to Mustapha Kemal at his headquarters in the city of Smyrna just taken from the Greeks.

#### May Develop Into Great Holy War

A move against Constantinople might have the backing of the Moslem world, and develop into a holy war.

The city of Delhi, India, is understood to have cabled Mustapha Kemal congratulations on his battle successes. Uprisings against the British government in India, Palestine and other Moslem territory probably would be essayed simultaneously with the attack on Constantinople.

The Allied troops in Smyrna and Constantinople are few compared with the Greeks. Several squadrons of blue jackets and marines are on duty at Smyrna and the Allied garrisons at Constantinople would have to be reinforced heavily in the event of war. Constantinople was taken from the Turks and neutralized after the world war. Since then it has been held by a small force representing all of the Allies, with the British predominating.

The sultan is permitted to remain there with his personal body guard. Recent Turkish successes were achieved by the uprising under Mustapha Kemal, whose object is to regain by force of arms the territory taken from the Turks by the Allies under the treaty of Sevres. The sultan under the eye of the Allies in Constantinople has had no hand in this uprising.

A conference between French, British and Italian statesmen is being discussed in an effort to get together on a peace program which is to be submitted to Mustapha Kemal in an effort to have them halt hostilities.

The League of Nations has notified Kemal that he is supposed to abide by the rules of civilized warfare in his war on Greece.

#### "ONE BIG UNION" PLAN FOR PRINTERS DOOMED

Atlantic City, Sept. 12.—Failure of a plan to amalgamate all the printing crafts into "one big union" of 181,000 members was indicated here when John McParland, president of the International Typographical union, made public a report he read before the annual convention of his organization today. The only craft to approve the plan, which was sponsored by the typographical union, was the Brotherhood of Bookbinders, the report disclosed.

## Union Leaders Object to Separate Peace

### FROM FLAPPER TO DEMURE QUAKER, STYLE CHANGE

FLAPPER COVERED FROM EARS TO ANKLES, IMAGINATION RUNS RIOT

SLEEVES ARE LONG, NECKS HIGH, SKIRTS LONG—TALL WOMAN FAVORED

(By United Press.) Chicago, Sept. 12.—New styles change the flapper to a Quaker. Garments on exhibit at the opening of the fashion art league display here today, covering the flapper from ears to ankles. Sleeves are long, necks high, and skirts are long. For street wear they are six to eight inches from the floor, afternoon gowns below the ankles, and evening gowns just escape the floor.

The various styles are stunning for the tall woman said Mrs. Allen Ripley, president of the league. "But one must be five foot six or seven to look well." The young girls who are not tall must not necessarily attempt the extreme style. They are wise if they accept a becoming compromise, half way between knee and ankle.

The smartest thing in street costume is the three piece suit. Coats are prone to flare and are a hip length.

### 2 YEARS SPENT ON TARIFF BILL

(By United Press.)

Washington, Sept. 12.—The Fordney-McCumber tariff bill designated officially as the "tariff act of 1922" was returned today to the House from conference.

After two years in the making, the bill in the final form was laid before the lower chamber which will consider it tomorrow. Leaders hope it can be sent to the Senate on Thursday, and to the White House for signature shortly afterward.

The bill is regarded in general as the highest tariff ever imposed by an American congress. Conferees, however, slashed materially the high rates in the original senate bill.

Foreign valuation was accepted by conferees as the basis for determining rates except in certain specified instances.

A provision in the clause gives the president authority to change from foreign to American valuation if foreign valuation does not justify deferential treatment between cost of production in America and abroad.

The dye embargo stricken out by both house and senate was reinscribed for one year with authority to the president to continue it for a second year.

Conferees also eliminated the "free trade zones" into which materials could be brought manufactured and shipped out without payment of duty.

### COLORADO'S HEAVY PRIMARY VOTE

(By United Press.)

Denver, Colorado, Sept. 12.—With fair weather reported all over the state, a heavy vote was polled in Colorado's primary election today.

Candidates for Congress, governor and all state offices were selected on the republican and democratic tickets. The only night was in the democratic ranks where the gubernatorial contest was between the liberal and conservative element.

The democratic organization supporting Fred A. Sabin, banker, representing the conservative, made a hard fight against William A. Sweet, millionaire, who is leading the liberal-backed by the farmer-labor vote.

Lieutenant-Governor Earl Cooley and Ben Griffith, former state attorney general, are the republican candidates for the gubernatorial nomination. Both are considered conservative.

### JURY TO DECIDE IF DEAD OR ALIVE

(By United Press.) Superior, Wis., Sept. 12.—A jury in federal court here yesterday was asked to determine whether Edward J. Sallstad is dead or alive. If the jury decides he is dead, insurance companies will be asked to pay his widow \$60,000. If he is not, she may be prosecuted for fraud.

Mrs. Leona Sallstad Richardson, is suing a number of insurance companies to recover the \$60,000 on proof of her husband's death. The suit was brought in federal court before Judge Claude Z. Luse.

Pathologists will try to prove his death by a figure reconstructed from bones found in the Sallstad cottage at Lake Nebagamon, August 26, 1920.

The cottage was burned and the widow contends her husband died in the fire. Witnesses will be produced by insurance companies to testify that Sallstad was seen after the fire with Miss Dorothy Anderson, his stenographer, and that he is still alive. Miss Anderson disappeared immediately after the fire. She had worked for some time at the Sallstad offices at Eau Claire. Since the supposed death of her husband, Mrs. Sallstad married again. Her present husband, H. C. Richardson, is assisting her in her suit to recover the insurance of her former husband.

18 Jurors Accepted Superior, Wis., Sept. 12.—Mrs. Leona J. Sallstad Richardson was expected to take the witness stand late today and claim \$60,000 insurance on her husband missing over two years.

The insurance companies have refused to pay, denying he is dead. They will produce witnesses to testify that they saw Sallstad in company with his stenographer, Miss Dorothy Anderson after he was reported to have burned to death in his cottage on Lake Nebagamon.

Eighteen jurors were accepted by attorneys for both sides in the panel at noon. Each side was to be allowed three strikes this afternoon, reducing the jury to twelve.

Two human skeletons are to be exhibited to the jury Thursday. One is of a woman, the other of a man. Professor W. E. Bunting of the Wisconsin University will explain to the jury the difference in skeletons and will attempt to show that the reconstructed body of the man proves that the bones found in the burned cottage were those of Sallstad.

CRIME CONFESSED BY SHANTYMAN, KILLS DAUGHTERS

THREW THE BODIES IN MISSOURI RIVER, WHERE THEY WERE RECOVERED

POLICE ARE INVESTIGATING THE MYSTERIOUS DISAPPEARANCE OF THIRD CHILD

(By United Press.) Kansas City, Mo., Sept. 11.—Tony Dinello, shantyman, today confessed that he murdered his two daughters and threw the bodies in the river to hide the crime, police announced.

The bodies were dragged from the Missouri river only partially clothed. Police are investigating the mysterious disappearance of a third child. Julia, the oldest child, has not been heard from since she disappeared from her father's home about two years ago.

Angelina, another daughter, told police "Julia, whom my father says is married and lives in Pittsburgh, Pa., has never been heard from since she left," the girl said. Partial identification of the bodies of the two girls found in the river was made by Dinello, who later made the confession to the United Press.

A son, Ernest, positively identified the girls and then Dinello broke down before the police barrage of questioning.

### HOLDS UP APPROVAL OF PLAN FOR PARTIAL END OF STRIKE

THREE HOUR HEATED DEBATE AND NO VOTE ON "BALTIMORE PEACE PLAN"

BATTLE IN COURTS CONTINUES TO MAKE DAUGHTERY INJUNCTION PERMANENT

(By United Press.)

JEWELL FORECASTS MEN WILL BE BACK TO WORK IN 5 DAYS

Chicago, Sept. 12, 2:30 P. M.—Acceptance of the plan for separate peace between the striking railroad shopmen and individual lines by the policy committee of the shopcrafts, was forecast this afternoon by Bert M. Jewell, president of the organization.

Emerging from a meeting where a bitter debate was being carried on by the policy committee over the proposals submitted by Jewell, the union president said a statement could be expected about 6 p. m.

"I believe my recommendations will be accepted," Jewell said, "although it is too early to say for a certainty yet. If it is accepted the men will be back at work on the lines within five days."

Chicago, Sept. 12.—Vigorous objections among union leaders to making a separate peace between the railroad shopmen and individual lines today held up approval of the plan for a partial settlement of the railroad strike.

The shopmen's advisory committee recessed at noon after a three hour heated debate without taking a vote on the "Baltimore peace plan," which Bert M. Jewell, union president, urged be accepted.

The conference was to be resumed during the afternoon, and decisive action was expected before adjournment tonight.

In the meantime, the battle over making permanent the Daugherty injunction designed to break the shopmen's strike, continued in Federal Judge James H. Wilkerson's court.

Judge Wilkerson warned federal attorneys to be more cautious about giving out statements to newspapers on the request of Donald Richberg, union attorney. Richberg protested vigorously a statement made by Attorney General Harry M. Daugherty in which he attempted to place the blame for strike violence on the union officials.

Impeachment Proceedings Washington, Sept. 12.—A formal hearing probably open to the public will be held "soon" in the impeachment proceedings started against Attorney General Daugherty by Representative Keller, Minnesota, republican, Chairman Volstead of the house judiciary committee said today.

Volstead said he would ask Keller to find out what evidence the Minnesota congressman has to submit in support of his charges against Daugherty and then recall the judiciary committee to get together to set a date for a hearing.

### Northwest Roads Bar Seniority to Returning Men

Minneapolis, Sept. 12.—Northwest striking shopmen, if they return at all, must come in as individuals, disregard all seniority claims and take their rank with the men already at work, heads of railroads centering in the twin cities said, while officials of the striking shopmen's union were in session at Chicago, discussing plans for "separate peace" with various railroads.

Railroad presidents said they had served ultimatums on their men, offering them their old positions and ranks soon after the strike was de-

### DRUGGIST SHOTS ESCAPING BANDIT

(By United Press.)

St. Paul, Sept. 12.—Five bandits held up four employees of the St. Anthony Park State Bank at Como avenue at noon today and escaped with between \$3,000 and \$4,000.

One of the bandits in escaping was shot by C. H. Evanson, druggist, nearby. His companions helped him into the automobile. The bandits were traced to Minneapolis, where they changed automobiles.

clared. This they disregarded. New men were put to work with the railroads' pledge they would be protected. Separate peace with northwest lines had been perfected July 17 but B. M. Jewell, at the head of the strikers in the United States, declined to sanction it.

At this stage, railroad presidents said, they cannot recede from their positions that the men, if they desire to return must apply for positions as individuals. Seniority, they said, ceased when they declined to go back to work.

The Minneapolis & St. Louis will accept return of striking shopmen only if they return as individuals, and will not deal with the union as a group, W. H. Bremmer, president, said.

Farmers Anxious for Rail Strike End Chicago, Sept. 12.—Settlement of the rail strike would be hailed with approval by the farmers of the entire country, according to a statement by the American Farm Bureau federation today. In the face of a continued transportation tieup, the producers of perishables, such as fruit and vegetables, face economic ruin and the loss of their whole year's work.

North Dakota—Country elevators are nearly full and it is impossible to get sufficient cars to move the grain. Car shortage for perishable stuff will be serious.

Donnelly Doubts Settlement "We will accept an equitable offer," Charles Donnelly, president of the Northern Pacific, said. "But it is hardly credible that the shopmen will recede from their demand for the restoration of seniority privileges. We certainly will not recede from our present stand. We do not look for any settlement through the Chicago conference and certainly will take no part in the Chicago negotiations. If the men come back, they must come back as subordinates to the men now at work."

The Northwestern and Chicago, St. Paul, Minneapolis & Omaha seek settlement on "an equitable basis," but are not concerned in the so-called "secret settlement," A. W. Trenholm, vice president in charge of operation, said.

"Nothing has been done toward settlement so far," he said. Ralph Budd, president of the Great Northern, is in the west on business, but officials of the line said the railroad stands opposed to settlement under present conditions and is concerned in no way in the "secret peace" or other negotiations.

"We have no negotiations under way," C. J. Jenks, vice president in charge of operation, said. "There is no possibility of any such settlement as is reported."

The Soo Line already is 55 per cent normal, G. R. Huntington, president, said. Fourteen men came back to work at the Shoreham shops of the line today, he said, and an average of that number is returning each day.

"Our chief regret is that our men all seem to want to go back to work, but lack the moral courage," he said. "So far as our line is concerned, there are no peace negotiations whatever. No one is authorized to act for us, and any settlement that is made will have to be made by our own men."

No information has come to him of any possible settlement by the Chicago, Milwaukee & St. Paul, J. H. Foster, general superintendent for the Minneapolis division, said.

### CRISIS OF GRAVE ILLNESS OF MRS. HARDING PASSED

IN EARLY PART OF NIGHT SHE WAS RESTLESS, IN MORNING RESTING EASIER

HER GENERAL APPEARANCE IS IMPROVED, OPERATION IS DEEMED UNNECESSARY

(By United Press.)

Washington, Sept. 12.—The crisis of the grave illness of Mrs. Harding seemed to have passed, the six attending physicians reported at 9:42 today, in an official bulletin. The bulletin read:

"Mrs. Harding's condition at 8 a. m. Temperature 98.8, pulse 94, respiration 32. Early part of night restless. Latter part comfortable. General appearance improved. Enlargement due to the necrosis decreasing. Laboratory findings favorable. Crisis seems to have passed. Surgical procedure deemed unnecessary for the present. Signed, C. E. Sawyer."

The bulletin shows Mrs. Harding this morning had almost normal temperature.

### SAILORS' UNION OF GREAT LAKES VOTES WALKOUT

Chicago, Sept. 12.—A strike vote taken among members of the sailors' union of the Great Lakes has resulted in an overwhelming majority in favor of a walkout, according to an announcement by K. B. Nolan, secretary of the organization.

The strike vote was directed against members of the Lake Carriers' association, a majority of whose vessels were said to be controlled by the United States Steel corporation. No passenger vessels are involved. A walkout would affect wheelmen, watchmen, lookouts, able seamen and ordinary seamen. A date for the strike will be set within the next few days by the executive committee of the union.

The only question at issue between the vessel owners and the men, according to Mr. Nolan, is one of hours of labor. He said that the men now were working 84 hours a week on a 12-hour basis day, seven days a week and are demanding a 56-hour week, or an eight-hour day.

### TWO-FOOT PROGRESS MADE TOWARD MINERS

Jackson, Cal., Sept. 12.—Ninety-three feet of drift remained to be opened at the 3,600-foot level of the Kennedy mine at 4 p. m. yesterday before the rescue crews reached the last 75 feet of hard rock which separates them from 47 miners entombed in the adjoining Argonaut mines since Aug. 27.

Only two feet of rock was drilled and blasted yesterday on the 3,900-foot level, leaving 135 feet to go before the second rescue outfit can break into the Argonaut by that route.

### GRAIN CAR SHORTAGE IMPERILS WHEAT CROP

(By United Press.) St. Paul, Sept. 12.—Shortage of grain cars in Minnesota, North and South Dakota is imperiling the wheat crops.

O. P. B. Jacobson, state railroad and warehouse commissioner, will appear with representatives of North and South Dakota in Washington Saturday to discuss relief plans.

The commissioners will appeal to the car service department of the Interstate Commerce Commission to act immediately to provide freight cars.

"Wheat in northern and western Minnesota in many instances is lying on the ground for want of storage and shipping facilities," said Jacobson.

## WAR LOOMS UP BETWEEN TURKEY AND ALLIES

### CONSTANTINOPLE, PRIZE, THREATENED TODAY IN NEAR EASTERN TURMOIL

**Victorious Army of Mustapha Kemal Which Crushed the Greeks is Reported Eager to Advance Upon the City Now Held by Allied Forces**

One of the bandits in escaping was shot by C. H. Evanson, druggist, nearby. His companions helped him into the automobile. The bandits were traced to Minneapolis, where they changed automobiles.

clared. This they disregarded. New men were put to work with the railroads' pledge they would be protected. Separate peace with northwest lines had been perfected July 17 but B. M. Jewell, at the head of the strikers in the United States, declined to sanction it.

At this stage, railroad presidents said, they cannot recede from their positions that the men, if they desire to return must apply for positions as individuals. Seniority, they said, ceased when they declined to go back to work.

The Minneapolis & St. Louis will accept return of striking shopmen only if they return as individuals, and will not deal with the union as a group, W. H. Bremmer, president, said.

#### Farmers Anxious for Rail Strike End

Chicago, Sept. 12.—Settlement of the rail strike would be hailed with approval by the farmers of the entire country, according to a statement by the American Farm Bureau federation today. In the face of a continued transportation tieup, the producers of perishables, such as fruit and vegetables, face economic ruin and the loss of their whole year's work.

North Dakota—Country elevators are nearly full and it is impossible to get sufficient cars to move the grain. Car shortage for perishable stuff will be serious.

#### Donnelly Doubts Settlement

"We will accept an equitable offer," Charles Donnelly, president of the Northern Pacific, said. "But it is hardly credible that the shopmen will recede from their demand for the restoration of seniority privileges. We certainly will not recede from our present stand. We do not look for any settlement through the Chicago conference and certainly will take no part in the Chicago negotiations. If the men come back, they must come back as subordinates to the men now at work."

The Northwestern and Chicago, St. Paul, Minneapolis & Omaha seek settlement on "an equitable basis," but are not concerned in the so-called "secret settlement," A. W. Trenholm, vice president in charge of operation, said.

"Nothing has been done toward settlement so far," he said.

Ralph Budd, president of the Great Northern, is in the west on business, but officials of the line said the railroad stands opposed to settlement under present conditions and is concerned in no way in the "secret peace" or other negotiations.

"We have no negotiations under way," C. J. Jenks, vice president in charge of operation, said. "There is no possibility of any such settlement as is reported."

The Soo Line already is 55 per cent normal, G. R. Huntington, president, said. Fourteen men came back to work at the Shoreham shops of the line today, he said, and an average of that number is returning each day.

"Our chief regret is that our men all seem to want to go back to work, but lack the moral courage," he said. "So far as our line is concerned, there are no peace negotiations whatever. No one is authorized to act for us, and any settlement that is made will have to be made by our own men."

No information has come to him of any possible settlement by the Chicago, Milwaukee & St. Paul, J. H. Foster, general superintendent for the Minneapolis division, said.

### CRISIS OF GRAVE ILLNESS OF MRS. HARDING PASSED

**IN EARLY PART OF NIGHT SHE WAS RESTLESS, IN MORNING RESTING EASIER**

**HER GENERAL APPEARANCE IS IMPROVED, OPERATION IS DEEMED UNNECESSARY**

*(By United Press.)*

Washington, Sept. 12.—The crisis of the grave illness of Mrs. Harding seemed to have passed, the six attending physicians reported at 9:42 today, in an official bulletin. The bulletin read:

"Mrs. Harding's condition at 8 a. m. Temperature 98.8, pulse 94, respiration 32. Early part of night restless. Latter part comfortable. General appearance improved. Enlargement due to the necrosis decreasing. Laboratory findings favorable. Crisis seems to have passed. Surgical procedure deemed unnecessary for the present. Signed, C. E. Sawyer."

The bulletin shows Mrs. Harding this morning had almost normal temperature.

### SAILORS' UNION OF GREAT LAKES VOTES WALKOUT

Chicago, Sept. 12.—A strike vote taken among members of the sailors' union of the Great Lakes has resulted in an overwhelming majority in favor of a walkout, according to an announcement by K. B. Nolan, secretary of the organization.

The strike vote was directed against members of the Lake Carriers' association, a majority of whose vessels were said to be controlled by the United States Steel corporation. No passenger vessels are involved. A walkout would affect wheelmen, watchmen, lookouts, able seamen and ordinary seamen. A date for the strike will be set within the next few days by the executive committee of the union.

The only question at issue between the vessel owners and the men, according to Mr. Nolan, is one of hours of labor. He said that the men now were working 84 hours a week on a 12-hour basis day, seven days a week and are demanding a 56-hour week, or an eight-hour day.

### TWO-FOOT PROGRESS MADE TOWARD MINERS

Jackson, Cal., Sept. 12.—Ninety-three feet of drift remained to be opened at the 3,600-foot level of the Kennedy mine at 4 p. m. yesterday before the rescue crews reached the last 75 feet of hard rock which separates them from 47 miners entombed in the adjoining Argonaut mines since Aug. 27.

Only two feet of rock was drilled and blasted out yesterday on the 3,900-foot level, leaving 135 feet to go before the second rescue outfit can break into the Argonaut by that route.

### GRAIN CAR SHORTAGE IMPERILS WHEAT CROP

*(By United Press.)*

St. Paul, Sept. 12.—Shortage of grain cars in Minnesota, North and South Dakota is imperiling the wheat crops.

O. P. B. Jacobson, state railroad and warehouse commissioner, will appear with representatives of North and South Dakota in Washington Saturday to discuss relief plans.

The commissioners will appeal to the car service department of the Interstate Commerce Commission to act immediately to provide freight cars.

"Wheat in northern and western Minnesota in many instances is lying on the ground for want of storage and shipping facilities," said Jacobson.

## THE WEATHER

Minnesota—Generally fair to night except probably showers in northwest portions. Wednesday partly cloudy in south and probably north portions. Not much change in temperature.

## For-cast for next 24 hours:

Cooperative observers record: Sept. 11—Maximum 62, minimum 34. Reading in evening 50. Cloudy. Northeast wind. Barometer 28.7. Hygrometer dry 50, wet 50. Trace of rain. Sept. 12—Minimum during the night 48. At 8 a. m., 53. Rain in night 0.10 inch. Northeast wind. Barometer 28.7. Hygrometer dry 53, wet 51.

## LOCAL NEWS NOTES

Why pay more than \$7.88 for a 30x3 1/2 tire. See them at Woodheads.

For Dry and Green Mill Wood call J. A. Joncas. Phone 1156.

Dr. Joseph Nicholson is having extensive alterations made on his residence on North Broadway, turning the house around so that it faces Juniper street, putting in a new foundation and rebuilding the porch.

Let us examine your teeth. Guaranteed work at reasonable prices. The Dr. Burrill Dentists.

Did you know Brown Betty cigar was all long Imported Filler.

Rev. E. A. Skogsberg of Minneapolis, arrived on the afternoon train. He will speak at the Swedish Bethany church, corner of Ninth and Maple Streets South at 7:30 this evening. A large audience is expected.

## BUSINESS FOR SALE

Sales last six years \$254,717.59 with Gross Profits of \$37,673.23. Building, Four Lots and Fixtures \$1,225.00 on easy terms. Will sell merchandise stock of \$4,000.00 for \$3,600.00 if taken at once. Location and address, Box 126, Randall, Minn.

Dispatch wants measured well on Monday evening. There were 6 help wanted, 13 for sale, 9 for rent and 8 miscellaneous. Big employers of men like the McCree, Moos & Co. paying firm use the Dispatch to gain help. Wants cost only a cent a word, cash, no ad taken for less than a quarter.

Call 810-W and have a gallon of Haydon's high grade Ice Cream sent to your home.

VELVET ICE CREAM—The Best. Pure Cream chief ingredient. Telephone 450. Brainerd Creamery Co.

It is reported that Cook & Richards have secured an option on a large gravel pit near Crow Wing. This is taken as an indication that the highway from Belle Prairie to Brainerd will be paved next season, and this firm has secured the option

on the pit in anticipation of furnishing gravel for the construction work. \$7.88 buys an extra ply 30x3 1/2 Non-Skid Tire at Woodhead's.

Mr. and Mrs. Albert Warner of Owatonna, Edward E. Warner and Mr. and Mrs. Silas Warner of Moreland, Oklahoma, are visiting Judge J. H. Warner and family this week. The gentlemen are brothers of the judge, whom he has not seen for many years, the family having scattered to different states, from their home in Southern Iowa. This is the first reunion of the gentlemen in 44 years.

Dance at Midland Thursday Sept. 14th. Music by Frisky Four.

Dry and Green Mill Wood delivered by truck. J. A. Joncas. Phone 1156.

Mr. and Mrs. George H. Crosby and their granddaughter, Jane Crosby are expected home this morning accompanied by Miss Margaret Crosby, whom they went east to meet upon her return from a summer's tour of Europe. Mr. and Mrs. Howard Crosby and daughter Barbara motored from Crosby yesterday. Mrs. Crosby and her children will be the guests of her parents, Mr. and Mrs. L. E. Bloermann, Jefferson street, for a week.

## FARMER BLINDED BLOWING OUT STUMPS

Percy Lowe, who owns a small farm near Merrifield, suffered serious injuries while blowing out stumps on his land last week.

Mr. Lowe was preparing a charge of dynamite when the cap exploded, blowing off the thumb on his left hand, and riddling his right hand with small parts of the cap. Pieces also entered his legs inflicting minor injuries. But the most serious injury was done to both eyes, the eyeballs being shattered, rendering him totally blind.

Mr. Lowe's father is a physician in Glyndon, Minn., and arrived Monday to take his son home. The boy is 24 years old, and has a wife and one child. He was in the world war, coming through without a scratch.

## SLOT MACHINES, ETC., ARE ORDERED OUT

Monday evening Chief of Police Erick Graff and Captain Oscar Risberg, made the rounds of hotels, confectionaries, pool halls, etc., giving the owners notice that the use of slot machines, punch boards and gambling devices of all kinds must be stopped, in accordance with the existing city ordinances and giving the owners of these places until four o'clock Tuesday afternoon to comply with the order.

Infringement of the ordinance is subject to a fine and in the case of billiard parlors the license may be revoked.

## TWO IN MUNICIPAL COURT

Charged With Reckless Driving and Fined \$10 Each by Judge Warner

In municipal court this morning, Morton Kruger and Mike Dutkowski were charged with reckless driving. Judge Warner placing a fine of \$10 in each case.

The two defendants collided Monday afternoon at the corner of 7th and Oak streets, breaking a wheel on the car driven by Kruger.

Kruger works on the N. P. section, driving his father's car back and forth to work. At the time of the accident, he had as a passenger Hjalmer Erickson, also a section hand.

Dutkowski had D. Carbine in the car with him, intending to let him off at the corner where the accident happened. Dutkowski was searched and a pint of liquor found on his person.

## GOOD WILL IS A BOOMERANG

## NEGRO TURNS WHITE

C. L. Warren, San Diego, Cal., negro, who at the age of 55 years has turned completely white. The change started three years ago when white spots appeared over his entire body. He says he prayed to become either black or all white and that his prayers now have been answered. Physicians say there are four such cases on record.

son. It was shown that he was partially under the influence of liquor when the accident occurred, which may account for the reckless driving on his part.

Chief Erick Graff and Captain Oscar Risberg made the complaint.

## 'HELLO BILL,' MAYOR'S GREETING TO MATSON

(St. Cloud Daily Journal-Press)

"Hello Bill!"

"Why how are you Frank?"

In this unofficial manner did Mayor W. W. Matson and Mayor Frank E. Little of Brainerd greet each other at the former's office Saturday morning.

Mayor Little is visiting here with his brother-in-law, Oscar Magnuson.

Mayor Little said that reports of violence at Brainerd in connection with the shopmen's strike had been greatly exaggerated.

## FEDERAL AGENTS MAKING ARRESTS

It has been known for some time that eight federal agents have been at work in the Brainerd territory looking up the illegal handling of liquor, with the result that a number of arrests have been made. United States Commissioner A. D. Polk has had the following parties appear before him to answer to liquor charges:

Minne Berg and Victor Laine of Crosby are accused of selling liquor. Both waived examination and have been bound over to the U. S. District Court which convenes January 9th in Duluth. Bonds were placed at \$500 which were furnished.

Carl G. Martin, a laborer, was arrested for selling liquor, waived examination and was bound over to the U. S. district court. He has so far been unable to obtain bail, and is lodged in the city jail awaiting same.

Louis Lemire, also charged with selling liquor has been arrested and his case comes up for a hearing Wednesday.

Search warrants were issued in all

of these cases, and liquor found in each instance.

Two cases were brought before Commissioner Polk from Morrison county. William G. Bisted, charged with having liquor in his possession, and Herman Vaneelow, charged with manufacturing liquor. Both furnished bonds for \$500 each, and were bound over to the U. S. court.

The U. S. marshals are working on a number of other similar cases, and will be ready to report results on them in a few days.

## FOLEY BROS. ERECT 10 BUNK HOUSES

At Northern Pacific Railway Shops on  
North Side of Tracks of the  
Shop Property

18 BY 36 FEET, NINE FEET HIGH

Kitchen and Dining Hall are in Form  
of Large Cross, Each Arm of Which  
is 36 Feet Long

Speculation has been rife as to the activities going on behind the high board fences that inclose the Brainerd railway shop grounds. Some rumors were to the effect that the Northern Pacific was building a large hotel with accommodations to house a large force of workers in all departments of the shops. Another was that several of the shops had been boarded up and would be abandoned.

One of the carpenters who is working on new improvements on the shop grounds called at the Dispatch office and gave out the following data which will be of interest to Brainerd people, and may be considered quite accurate.

He states that he has been working for Foley Brothers, contractors in the Twin Cities, who have the contract for building ten bunk houses, and a large kitchen and dining hall under one roof at the local shops.

These buildings are being erected on the north side of the tracks on the shop property. The ten bunk houses are each 18 ft. by 36 ft., 9 feet high with pigeon roofs. They will accommodate about twenty small canvas cots each, or if double decked bunks are used at least twice that many. Canvas cots, however, are what are in use now, there being several rows of these cots down the aisles in the machine shop.

The kitchen and dining hall are in the form of a large cross, each arm of which is 36 feet long. All buildings are sheeted, covered with tar paper and then shiplapped, the roofs covered with heavy tar paper roofing.

The informant stated that between seventy and one hundred carpenters are at work on these buildings, that a great many of this number were unskilled in their line. Eighty cents an hour is paid these carpenters for a ten hour day. For working last Sunday they received time and one-half. Work was begun last Friday.

It was also stated that fifty replacement men and about half of the carpenters quit their work Monday noon, were paid off, and left on the afternoon train.

Pass cards were issued to the carpenters, who ate and slept outside the shop grounds. These pass cards were old meal tickets which Foley Brothers had used in another city. On the back of the card the holder's name was written, and when he left the employment at the shops this card was returned to the company.

When asked as to the number of men who are working in the strikers' places, the informant could not state, as his work gave him very little occasion to go inside the shops, especially those on the south side. He stated that he believed that the majority were employed on the north side of the tracks.

Naturally it is hard to give any estimate as to numbers, since new men are coming in quite regularly, and others are quitting their jobs from time to time, so that the number at work is never the same from one day to another.

### Obituary

Nels Christian Jensen was born in Denmark March 27th, 1854. He was married to Christine Nelson and came with her and their little family to America in 1881. He settled near Merrifield about twenty-three years ago where he lived with his family until last fall when he moved into Brainerd.

Mr. Jensen has been a sufferer for a good many years and it was hoped that his acute suffering might be relieved by an operation. His strength, however, was not sufficient to recover and he passed away September 8th, 1922, and was buried from the Whitney undertaking parlors Monday, Sept. 11th, Rev. E. A. Cooke of the First Methodist church officiating.

Mr. Jensen leaves to mourn his loss his wife and four children, Mrs. Cerna Carlson and John Jensen of Seattle, Washington, Mrs. Stanley Vanek and Christ Jensen of Brainerd, and a number of grandchildren. Mr. Jensen was a good husband, father and neighbor and will be missed greatly by those who knew him.

Happiness is not a passive state, but the joyous activity of the best and highest powers of the soul.—Boston Transcript.

## SCHOOL EXPENSE ESTIMATE FOR 1923

The following report of the finance committee of the Brainerd school board will be of special interest to tax payers. This report is an estimate on the running expenses of the city schools for the coming year, and is used as a basis for making the school tax levy.

The report was read by Chairman Hagberg and will be revised at the October meeting, at which time a better idea of the year's expenses can be had. However, it is thought that this report is quite accurate and a good estimate of what the school budget will require.

Brainerd, Minn., Sept. 8, 1922	
Board of Education, City.	
Gentlemen:	
Your committee on finance begs to submit the following estimate of school expense for the ensuing year 1922-23:	
Salaries .....	\$ 98580.00
Fuel .....	7500.00
Rentals .....	1800.00
Printing .....	100.00
Miscellaneous .....	1800.00
Fund to complete Mill School .....	600.00
Supplies .....	3500.00
New Equipment .....	2000.00
Text Books .....	500.00
Interest on Bonds other than State .....	2925.00
Fund for payment of Bonds .....	5000.00
Interest on temporary loans .....	800.00
Fund for Riverside school Insurance .....	13500.00
Repairs .....	1940.00
Fund for paying South 6th Street .....	1000.00
Total .....	\$146545.00

Net Amount to be levied .....	\$120543.20

## Flapper Age Is Dying; Legs Are Out of Date

By HEDDA HOYT  
(Written for the United Press.)  
New York, Sept. 12.—Grandma is going to grow up again. Not much perhaps but some.

Women are the chameleons of the human race. Men have looked like wholesale job-lots since the days when they left off white wigs and baby blue silk breeches. But women are the privileged sex who are entitled to change their mode of dressing as often as they change their minds.

This fall will mark the finish of the flapper era. We will pass from a kittenish age where women of maturity pranced out in swaddling clothes into an age of dignity and poise. The apparent age of the average American woman will raise from a batting average of 18 years to one of 25. Baby statures will no longer hob-nob with galoshes.

Already the girl who displays perfectly good gauze stockings on perfect dimpled knees is being passed up for the girl whose long satin skirts leave something to the imagination. The new girl is rather a vampish looking little thing lacking the boyishness of the campus type of last year for long skirts are strictly feminine affairs.

Like Haley's comet the flapper will pass to a beyond that few of us will see again. Certainly few of us will ever be intimately engaged in flapping again. The flapper may return but when she does we will have reached that stage where we are casting stitches on knitting needles and casting slurs on young womanhood in general.

But "Hush, little flapper, don't you cry.

You'll be a lady bye and bye." And it certainly will be a "grand and glorious feeling" to grow up again, into tall, willowy ladies with high heels and dignity. As for flapping, who says we can't flap in the long skirts? Just watch us. They can't take the flap out of flapper. Cleopatra, Helen of Troy and a few of these girls of the leg-concealing age seemed to have buzzed along pretty well with the men folk so why should we worry?

St. Paul's Guild  
The Ladies' Guild of St. Paul's Episcopal church will meet Wednesday afternoon at three o'clock at the home of Mrs. F. S. Parker, 412 North 4th street. A large attendance is desired.

## 60 HUSKIES ARE OUT ON GRIDIRON

Coach Rosel's Call for Candidates for  
the High School Football Team  
Meets With Response

OLD WARRIORS RETURNING

Four Pigskins Kept in the Air While  
the Squads Were Matched for  
Light Scrimmage  
(W. G.)

Sixty huskies trotted out on the athletic field of the high school to Coach Rosel's call for football material. This wonderful turnout exceeds all others of previous years, both in number and in weight of the men. They keep four pigskins in the air while the efficient instructor matched squads for light scrimmage.

Many of the old warriors have returned, Capt. Heikkinen among the foremost, with Fogelstrom, Westburg, Orth, Carlson and Peterson, all letter men, glad to be wearing the moleskins once more. The vacant positions are keenly fought for by one of the most promising applicants that ever appeared for a try-out. Such strapping boys as the six foot Harris and Zakariassen the solid framed Brown and Lowe show the old time weight and form, and time will soon tell whether they have the old time nerve to be in the right place at the right time.

With an experienced coach that knows his men and a wealth of material, it is only a matter of several weeks' hard work to put a winning team into shape. President Orth of the athletic association assures us of six or more games with the probability of a practice game as early as Sept. 29. Everybody is out with the old effervescing pep. Come on, let's go!

### AITKIN

Richard Poston died at his home on Friday from cancer of the liver. H. J. Cater, inspector for the state motor vehicle department, worked in Aitkin and caught 30 alleged violators of motor license law. He says the favorite way of attempting to beat the license tag law is to use one set of tags on two cars. Tags from other states are sometimes used by offenders, said Mr. Cater. Buying license tags for touring cars and using them on trucks is another subterfuge. Some people brazenly operate without a tag at all until caught. Penalties of 25c a day are added to license deferred.

Frank Seavey, formerly of Aitkin, is now director of a band with the Barnum & Bailey circus.

Miss Rose Buscher of Brainerd was a guest this week of Miss Charlotte Hassman.

Mrs. Albert Oernolte of Tamarack who brought her infant daughter Doris here last week and spent a few days with Mrs. G. M. Deming, took the baby to the Brainerd hospital on Saturday night for treatment.

The district court, with Judge W. S. McClenahan presiding, was adjourned to September 26, when the calendar with criminal cases and about 40 civil cases will come on for trial.

Miss Bertha Mahlum of Brainerd was a guest of Mrs. C. O. Ness.

### Methodist Aid

The Methodist Aid will meet in the church on Wednesday afternoon at 3 o'clock, being entertained by Mrs. C. H. Paine and Mrs. E. W. Paine. Visitors are welcome.

### First Congregational Aid

The Ladies Aid of the First Congregational church will meet tomorrow afternoon in the social parlors at 3 o'clock. Mrs. Betsy Bratrud, Mrs. G. I. Badeaux and Mrs. C. G. Nordin will be the hostesses.

EARLY to bed, early to rise, stick to your business and advertise.

## RELICS OF THE WAR

ALTOGETHER too frequently those who are in touch with disabled service men or their families are hearing of the way in which an occasional victim of the war has been neglected. Organizations of ex-service men charge that there are some graves in American cemeteries which need not have been digged had proper care been given to the men whose bodies lie therein.

The government has been blamed for these cases of those who suffered grave wounds or whose lungs were impaired by the menacing gases released by the enemy. But there is every reason to place the real responsibility upon the citizens of the United States in general, who kept the home fires burning 'till the boys came home but allowed them to go out as soon as they landed upon the shores of their home-land after the big affair was over.

What is needed in America is an aroused public sentiment which will demand that compensation be paid speedily to the country's wounded and tubercular heroes, and hospital facilities provided which will adequately meet the requirements of these men. The government is no more lax than citizens in general, and to an expression of aroused public sentiment the government will always respond.

The heart of America generally beats true. America is the world's greatest philanthropist. But there is a danger of forgetting the neglected ones at home while we contemplate the ocean of foreign pain; and those who learn of cases of neglect of ex-service men should break silence until their claims are satisfied.

Comrades who were with these unfortunates over there and escaped their fate are far more interested in the rehabilitation of the disabled than they are in securing adjusted compensation themselves. Those who escaped with a whole skin do not need to be told that their afflicted comrades are entitled to consideration prior to any consideration of their claims for adjusted compensation.

All energies directed to removing the war's aftermath should swing to this object first—proper care for the men who were disabled.

A plan is being considered for sending the trophies of war into the various states of the union at a cost of \$250,000, that they may be distributed to the many counties according to the number of men sent by the counties to the war. Doubtless there are many who prefer viewing trophies of war to ministering to the victims of the conflict. And a captured gun standing in a grass-covered enclosure in a park is an ornament that small boys like to see. But the glory of war is no more for those who took part in the last struggle with its big guns striking from a distance; poisonous gases penetrating the lungs; trenches, muddy and vile; and airplanes raining death from the skies. These are interested more in the fruits of peace than in the trophies of war. Such would much prefer that the guns be scrapped and the men rehabilitated; and even though the American Legion may favor a display of the trophies, there is no doubt that the average ex-soldier would rather have the \$250,000 go to attending to the relics of war that men are carrying around with them in the shape of damaged limbs and diseased bodies than to placing guns in public parks.

Let's save the men first and place the guns later.

## THE COUNTY FAIR

ONE of the big annual events in the farmer's life is the county fair, where he meets his friends from the city and rural places, talks about the harvest, bewails the low prices paid for produce, listens to speakers who tell him how to run the farm, and to others who tell him how to vote, visits the buildings where his own and his neighbor's produce is displayed, watches the ball game and takes in the other amusements, and goes home to face the approaching winter, with its deep snow that blocks the roads and hinders his freedom of movement, with the hope that the next season will bring good weather, good crops, and higher prices.

And because the annual county fair means so much to the farmer it ought to be patronized by those who live by the farmer's steady plodding, year by year. The county fair offers a fine opportunity for farmer, artisan and business man to come together and get to understand each other better. But more than anything else it affords the privilege of securing a better knowledge of the agriculturist's hard life, with its inevitable chores, long hours in the field during the planting and harvesting, and uncertain reward for all the costs of seeding and harvesting, together with the hard work in the out-of-doors in all kinds of weather, because the price is governed by conditions which he can not control.

The county fair is not very imposing because the territory from which it draws is restricted and the funds at the disposal of the board of directors limited. However, if the fair had the patronage which it deserves it would grow each year, until in time it would become imposing. Every paid admission helps the management to produce something better, and if every business man, and all other citizens of the county who can attend, made it a point to be within the enclosure, the funds would be so increased that better things would be provided for the following year.

The careful planning of the board of directors, the preparation of their exhibits by the exhibitors, and the essential activities of the farmers of the county, should influence city people to make a special effort to encourage directors, exhibitors, and farmers in general, in their task of giving Crow Wing county a high grade county fair.

THE battle is on. Mrs. Olesen poured a broadside into Senator Kellogg's record. The non-combatants will watch the skirmish with becoming interest, for they are the umpires and will give their decision in November.

A BIGGER and better state fair is assured for 1923. This year's fair yielded a profit of \$30,000 over the expenses of operation. In the meantime the Gophers are well supplied for the approaching winter.

## NEWEST FASHIONS

Left: Beaded georgette certainly holds its own as this informal little dinner gown of the softest rose pink with pearl beads proves. Right: White occupies the center of the stage so fashion decrees, and when of crepe and beaded in bugle heads, it becomes a gown of charming appearance. The pointed skirt and black sash are its chief characteristics.

## FORD TO FIRE WORKERS USING INTOXICANTS

Detroit, Mich., Sept. 12.—The 70,000 men employed by the Ford Motor company here were under orders from Henry Ford to leave all forms of liquor, wine and beer alone or lose their jobs.

Drink among certain employees recently had caused accidents in the plants, the manufacturer said.

"From now on it will cost a man his job, without any excuse or appeal being considered, to have the odors of beer, wine or liquor on his breath or to have any of these intoxicants on his person or in his home," Mr. Ford's notice said.

## Cleopatra Much Maligned, Says Distinguished Dane

New York, Sept. 12.—Another literary man has come to the rescue of Cleopatra's reputation. George Bernard Shaw defended the famous Egyptian queen in his play "Caesar and Cleopatra," and now, says the September Mentor Magazine, no less a personage than George Brandes, the distinguished Danish critic, also declares that she has suffered at the hands of calumniators.

In a new book on Caesar, Brandes says that Cleopatra was as intelligent and able as she was beautiful. Her conduct was largely forced by circumstance. Many of her actions, which in our day would be questionable, were the commonplace of her time, Brandes points out.

## MIDNIGHT TRAGEDY ON COUNTRY ROAD

(By United Press)  
Lancaster, Ohio, Sept. 12.—Earl Custer, 21, was found dead, and Bessie Grove, 18 year old high school girl, in a dying condition on a lonely country road near Pleasantville yesterday.

The girl's limp form was in the driver's seat of the automobile in which the two had started for a ride late last night. Custer's body lay by the road side between the car and the fence.

Miss Grove was rushed to a Lancaster hospital where physicians held little hope for her recovery.

Condition of her clothes showed the girl had been the victim of an attack, Coroner C. C. Guisinger declared. "I believe Miss Grove shot Custer in an effort to protect her honor," the coroner asserted.

## HARD BLOW TO LABOR; CADDIES LOSE STRIKE

New London, Conn., Sept. 12.—One hundred striking caddies are back at work today at the Shennecossett Golf club. The youngsters struck for an increase in pay to \$1 a round. They received no advance in pay. Class A boys getting 75 cents and Class B boys getting 65 cents.

New Weapon Against Mice.  
A way to kill mice (without cats) has been discovered in Australia. A powder recently was tested by sprinkling wheat with it and fastening hungry mice in the bins; mice died without eating the grain.

## NORTHWEST NEWS

(By United Press.)  
Official Shoot

Appleton, Minn., Sept. 12.—The first official shoot of the Minnesota Field Trial association opened here today with from 20 to 30 entries for each event.

The trials will last three days. Today there is a derby; tomorrow an all age and a shooting dog stake on the third day.

Dr. Ward Akester, Marshall, Minn., is president of the association.

## Hearing on Telephone Rates

St. Paul, Sept. 12.—Hearing on a proposed increase in the Duluth telephone rates began here today, before the railroad and warehouse commission.

John Richards, Duluth city attorney, was here to fight the increase.

## Woman Police Aviator

Barnesville, Minn., Sept. 12.—Moorhead's woman police aviator, the first in the world, will give exhibitions at the Clay county fair here this week. Mrs. Frances "Chubby" Watson, who was "sworn in" as a preserver of the peace in Moorhead in the presence of a formidable line of camera men, reporters, etc., recently while she and her husband were giving exhibitions in that city, is among the chief attractions at the fair.

The fair opens today and continues through Friday.

## SOUTH BEND EDUCATOR DROPS PATERNITY CASE

South Bend, Ind., Sept. 12.—Prof. John P. Tiernan has withdrawn from the prosecution of Harry Poulin, who is alleged to be the father of a son born to Mrs. Tiernan last November, according to an announcement made this afternoon by Mrs. Tiernan. She added that his retirement was a surprise to her as she had received no intimation of any such intention on his part.

Despite the withdrawal of her husband, Mrs. Tiernan stated that she was going through with the prosecution. The hearing in the case is set for next Thursday.

## ALD. BRUSEGAARD TAKES HIS SEAT

Newly Elected Councilman of Second Ward Sits in Monday Evening's Deliberations

### STREET WORK IS FINANCED

Drake, Ballard & Co. of Minneapolis Takes \$27,650 Certificates Indebtedness at Premium

The city council met in special session Monday evening for the purpose of taking up unfinished business left over from the last regular meeting. All members were present except Aldermen Witham, Holmstrom and Cameron.

A committee from the mass meeting of second ward voters appeared before the council and reported through their chairman, P. T. Brown, that the name of Theodore B. Brusegaard was nominated by the mass meeting as the successor of F. M. Koop, resigned alderman from that ward.

It was moved by Alderman Michael and seconded by Alderman Cordes that Mr. Brusegaard be elected to fill this unexpired term, the motion carrying unanimously. Mr. Brusegaard took the oath of office at once and was given a seat in the council immediately.

On motion the license of J. W. Warrick, owner of the Ransford billiard parlor, was transferred to J. M. Dupois, who will conduct that business in the future.

### Quince Street Grading

The bid of Claseau & Ledberg for grading work to be done on Quince and 10th streets was accepted, work to be started at once. This company's bid was for twenty-nine cents per cubic yard, against the bid of I. R. Sewell at 34c per cubic yard.

On motion made and seconded, it was ordered that \$661.46 be transferred from the General Fund to the Permanent Improvement Revolving Fund, known as fund No. 13, to correct an error of long standing in which this amount was credited to the general fund. The amount being for delinquent, curbing and paving, should have been charged to the revolving fund.

### To Finance Street Work

The bids for the issuance of \$27,650 certificate of indebtedness to finance street work were ordered opened. The first bid was from the Minneapolis Trust Co., in which they offered to pay par value plus accrued interest at 5 1-4 per cent and a premium of \$171. A certified check was enclosed with the bid amounting to \$1,382.50. Gale Willard represented the trust company.

The Citizens State bank, representing the Merchants Trust and Savings bank of St. Paul, made a bid to pay par value plus accrued interest at 5 1-4 per cent and a premium of \$114. A certified check for \$1,400 accompanied the bid.

The third bid was from Ballard & Company of Minneapolis, represented by Grant A. Feldman. 5 1/2 per cent interest, par value, accrued interest plus a premium of \$540. The certified check deposited was for \$1,383.

It was moved by Alderman Michael and Alderman Lyons that before deciding upon any bid, the opportunity be given anyone wishing to present a verbal offer. However, none were forthcoming. The council then rejected those which had been opened and by general consent the certificates were offered at general auction.

There was considerable spirited bidding between those firms who had presented sealed bids and by Drake, Ballard & Co., of Minneapolis, and this firm was finally awarded the purchase on their bid of 5 per cent par, all members of the council voting for acceptance.

A contract was immediately drawn up and signed by this company and the proper city officials, Drake, Ballard & Co., depositing their certified check for \$1,350.

No other business coming before the council, it was adjourned until the next regular meeting, Monday, September 18th.

### First Baptist Church

A joint special meeting of the church board and the religious education committee of the First Baptist church will be held at the pastor's home 224 North 5th street Wednesday evening, Sept. 13th.

All members are urged to be present, as important business must be transacted.

### NOTICE TO HUNTERS

Get your hunting license and carry it with you for game warden's inspection. Failure to comply with order means loss of firearms.

A. P. CARDLE, Deputy

1tp.

## T. B. BRUSEGAARD NEW COUNCILMAN

Second Ward Voters Express Their Preference for Him at Meeting Held in Court House

### CHOICE THEN GIVEN COUNCIL

Latter at Special Meeting the Same Evening, Ratifies the Selection Made by Voters

An exceptionally large number of voters of the second ward met in the farmer's room in the new court house Monday evening, for the purpose of nominating to the city council an alderman from that ward to succeed F. M. Koop, resigned.

H. F. Michael was chosen chairman of the meeting and nominations were opened. The names of T. E. Nitterauer, Thomas Blackburn, A. T. Fisher, O. A. Peterson, R. J. Hartley, W. R. Greenwood, T. E. Brusegaard were proposed. Mr. Nitterauer withdrew his name in favor of W. R. Greenwood.

It was moved by Bert Kylo that all the above candidates be eliminated after the ballot, except the two receiving the highest number of votes.

In the ballot which followed the two highest were T. E. Brusegaard, 26 votes, and W. R. Greenwood, 29 votes.

A second ballot was then taken on these two names, resulting in a vote of 55 to 46 in favor of Mr. Brusegaard.

A committee of three, consisting of P. T. Brown, A. J. Hayes and T. E. Nitterauer were appointed to wait on the council in session at the city hall, and inform that body of the results of the mass meeting.

The council, acting upon the choice of the meeting, immediately elected T. E. Brusegaard as alderman from the second ward to complete the unexpired term of F. M. Koop.

## MARL DEPOSITS TO BE INVESTIGATED

Legislative Interim Commission for State Cement Plant Takes Cognizance of Same

### TO BE IN CITY ON THURSDAY

Advisory Board of Chamber of Commerce Meets Tuesday, Chamber Meets Wednesday

There has been considerable agitation for the past few months over the matter of marl deposits found in different sections of Crow Wing county. The matter has been brought to the attention of the state university, which sent a chemist to make a thorough examination of the deposits, and he reports that the marl is of an exceptionally fine grade, averaging about 85 per cent.

Now the attention of the Legislative Interim Commission for the State Cement Plant has been centered upon the matter, and O. J. Bouma, secretary of the Chamber of Commerce, has received the following letter, written by Michael Boylan, chairman of the Commission:

"Dear Sir: There will be two members of the Commission of the State Cement Plant leave St. Paul Thursday morning and will be in Brainerd Thursday afternoon.

You called me up while I was in St. Cloud some time ago, telling me that there was some possibility that there was the necessary material for the manufacture of cement around Brainerd.

If you will help us get any samples, we shall have them analyzed and find out if there is any possibility of having the plant located at Brainerd."

There was a meeting of the advisory board of the Chamber of Commerce this afternoon for the purpose of looking into this matter and bringing it before the regular meeting of the Chamber Wednesday evening. It is hoped that a large attendance will be out for this Wednesday meeting, as this is a very important matter, and should have prompt attention.

Other matters of vital interest to the club will be brought up at the meeting also, and it promises to be a very lively gathering.

### Card of Thanks

We wish to extend our heartfelt gratitude to our friends and neighbors for their kindness and floral offerings in our hour of sorrow.

Mrs. N. C. Jensen  
Chris Jensen  
Mr. and Mrs. Stanley Vanek

8512

## GIANT CONVEYOR AT PAPER COMPANY

Will be 700 Feet Long, 43 Feet High and 18 Feet Wide, Housed in Large Building

### USED TO TRANSFER LOGS

From Barking Rooms to Stock Pile for Use in Making Paper in the Winter Months

The Northwest Paper Company is making improvements in their Brainerd equipment in the form of a giant conveyor house in a building which is under construction, that will be seven hundred feet long, forty-three feet high and eighteen feet wide.

The conveyor is in the form of a large steel cable carrying logs and running in an iron trough. It will be used to transfer logs after they have been barked and cut up, from the barking rooms to a stock pile for use in making paper during the winter months.

Heretofore barking had to be done in the winter, and it is a very difficult task to peel the bark from the frozen logs.

Now that work can be done in advance through the summer, twenty-five hundred to three thousand cords being prepared for winter use.

Also, the power which hitherto had to be used to bark these frozen logs, can now be used for grinding, thus effecting a saving in fuel consumed as well as in labor used.

The company has over thirteen thousand cords of pulpwood lying in the river now, to be barked, and more than this amount piled high up the river bank, which should give a good supply of paper upon which to work for some time.

### VETERAN EVANGELIST

Rev. Skogsbergh Will Preach at the Swedish Bethany Church Tonight

The well known preacher among the Swedes in the Northwest and the veteran pastor and evangelist within the Swedish Mission Covenant denomination, Rev. E. A. Skogsbergh of Minneapolis, will preach in the Swedish Bethany church at 7:30 o'clock on Tuesday evening, (tonight).

Everybody who can understand the Swedish language are invited to come and hear him. All who know Mr. Skogsbergh will take this opportunity to see and hear him again. He is one of the few preachers who never grow old in the pulpit, although he is now well advanced in age.

### Federated Shop Crafts Auxiliary

The Women's Auxiliary to the Federated Shop Crafts will meet Wednesday afternoon, September 13th at 2:30 in the Trades and Labor hall. Every woman interested in the welfare of the strikers is requested to be present.

## CHURCH DEDICATION AT ROSSBURG, SEPT. 29

Aitkin, Sept. 12—Dedication of the new Swedish Lutheran church at Rossburg will take place Friday evening, Sept. 29, at the time of the meeting of the Brainerd district of the Lutheran Minnesota conference to be held in Aitkin and the neighboring churches, Sept. 27, 28 and 29.

## McCREE, MOOS & CO. WANT MORE MEN

Fifty-Five Additional Men Needed in Order to Work a Double Shift on Paving

### 8 MILES STILL TO BE LAID

To Complete the Highway from Little Falls to Belle Prairie, Rate of Paving Half Mile Per Day

McCree, Moos & Co., are advertising for more men on their paving work near Little Falls, in order to rush their contract through to completion before heavy frosts interfere.

Forty-five additional men are needed in order to work a double shift, thus allowing twice as much concrete to be laid per day.

The company states that there is only about eight miles of paving left to complete the highway as far as Belle Prairie. About a half mile of paving is now being put down a day.

A mile and a half has been finished at Belle Prairie and from the other end the work is finished to the So-line bridge south of Little Falls.

When these two projects are joined, it will give a continuous paved highway from Minneapolis to Belle Prairie, within twenty-five miles of reaching Brainerd. It is hoped that this remaining link will be added next season, as has been promised by Commissioner Babcock.

### Koop-Anderson

Miss Eleanor G. Anderson and Walter W. Koop surprised their friends and relatives by being quietly married in Minneapolis on Saturday, September 2nd.

Miss Anderson is the daughter of

## Plaid Black Coating

Many of the coats of the season are made of heavy materials with plaid backs. These are the styles so much wanted by the girls. We have the coating by the yard for those who would make their own coats. 54 inches wide, \$5.75 yard.

## New Gauntlet Gloves

Some of the prettiest gauntlet gloves we have shown in grey and brown. They have style which appeals immediately. \$5.50 the pair.

## Dollar Hose Again

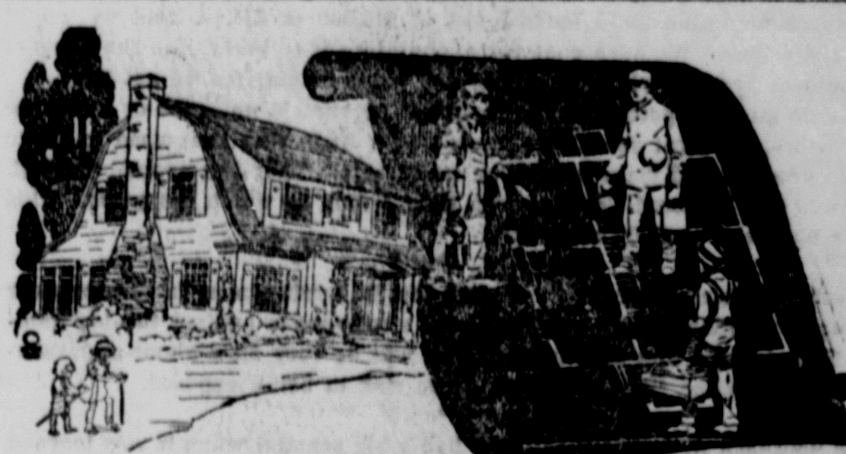

We were forced to disappoint some of our friends because of our inability to secure a supply of \$1.00 silk and fibre hose. We now have more of it in black and colors.

**H. F. Michael Co.**

Mr. and Mrs. J. P. Anderson, 523 No. 5th street, is a graduate of the Brainerd high school and the University of Minnesota, being a member of the Alpha Gamma Delta Sorority.

Mr. Koop is the son of Mrs. Elizabeth Koop, a former Brainerd resident now living in Minneapolis. He is a student in the College of Law at the University.

The Dispatch joins the many friends of this estimable young couple in offering hearty congratulations and best wishes for a long and prosperous married life.

## PLANS FOR EVERY BUILDING NEED

This is good building weather, and it won't last so many months. There is every reason why the prospective builder should take advantage not only of the good weather but of favorable conditions in the building industry. Supplies and labor are plentiful and can be purchased at as low a figure as in years to come.

Right now is the time to go over the plans we have on file here and select a home suited to your needs. You will find something, we are sure, that will be what you want and what you can afford to erect.

No matter what the building project may be, right now is the opportune time to proceed. Be it house, barn, granary, hog house, corn crib or shed we have plans here drawn that suggest the latest conveniences in the most approved styles of building.

COME IN SOON AND LET'S GO OVER THE  
MATTER OF BUILDING AT THIS TIME

## ALD. BRUSEGAARD TAKES HIS SEAT

Newly Elected Councilman of Second Ward Sits in Monday Evening's Deliberations

### STREET WORK IS FINANCED

Drake, Ballard & Co. of Minneapolis Takes \$27,650 Certificates Indebtedness at Premium

The city council met in special session Monday evening for the purpose of taking up unfinished business left over from the last regular meeting. All members were present except Aldermen Witham, Holmstrom and Cameron.

A committee from the mass meeting of second ward voters appeared before the council and reported through their chairman, P. T. Brown, that the name of Theodore B. Brusegaard was nominated by the mass meeting as the successor of F. M. Koop, resigned alderman from that ward.

It was moved by Alderman Michael and seconded by Alderman Cordes that Mr. Brusegaard be elected to fill this unexpired term, the motion carrying unanimously. Mr. Brusegaard took the oath of office at once and was given a seat in the council immediately.

On motion the license of J. W. Warrick, owner of the Ransford billiard parlor, was transferred to J. M. Dupois, who will conduct that business in the future.

### Quince Street Grading

The bid of Claseau & Ledberg for grading work to be done on Quince and 10th streets was accepted, work to be started at once. This company's bid was for twenty-nine cents per cubic yard, against the bid of I. R. Sewell at 34c per cubic yard.

On motion made and seconded, it was ordered that \$661.46 be transferred from the General Fund to the Permanent Improvement Revolving Fund, known as fund No. 13, to correct an error of long standing in which this amount was credited to the general fund. The amount being for delinquent curbing and paving, should have been charged to the revolving fund.

### To Finance Street Work

The bid for the issuance of \$27,650 certificate of indebtedness to finance street work were ordered opened. The first bid was from the Minneapolis Trust Co., in which they offered to pay par value plus accrued interest at 5 1-4 per cent and a premium of \$171. A certified check was enclosed with the bid amounting to \$1,382.50. Gale Willard represented the trust company.

The Citizens State bank, representing the Merchants Trust and Savings bank of St. Paul, made a bid to pay par value plus accrued interest at 5 1-4 per cent and a premium of \$114. A certified check for \$1,400 accompanied the bid.

The third bid was from Ballard & Company of Minneapolis, represented by Grant A. Feldman. 5 1/2 per cent interest, par value, accrued interest plus a premium of \$540. The certified check deposited was for \$1,383.

It was moved by Alderman Michael and Alderman Lyons that before deciding upon any bid, the opportunity be given anyone wishing to present a verbal offer. However, none were forthcoming. The council then rejected those which had been opened and by general consent the certificates were offered at general auction.

There was considerable spirited bidding between those firms who had presented sealed bids and by Drake, Ballard & Co., of Minneapolis, and this firm was finally awarded the purchase on their bid of 5 per cent par, all members of the council voting for acceptance.

A contract was immediately drawn up and signed by this company and the proper city officials, Drake, Ballard & Co., depositing their certified check for \$1,350.

No other business coming before the council, it was adjourned until the next regular meeting, Monday, September 18th.

### First Baptist Church

A joint special meeting of the church board and the religious education committee of the First Baptist church will be held at the pastor's home 224 North 5th street Wednesday evening, Sept. 13th.

All members are urged to be present, as important business must be transacted.

### NOTICE TO HUNTERS

Get your hunting license and carry it with you for game warden's inspection. Failure to comply with order means loss of firearms.

A. P. CARDLE, Deputy

## T. B. BRUSEGAARD NEW COUNCILMAN

Second Ward Voters Express Their Preference for Him at Meeting Held in Court House

### CHOICE THEN GIVEN COUNCIL

Latter at Special Meeting the Same Evening, Ratifies the Selection Made by Voters

An exceptionally large number of voters of the second ward met in the farmer's room in the new court house Monday evening, for the purpose of nominating to the city council an alderman from that ward to succeed F. M. Koop, resigned.

H. F. Michael was chosen chairman of the meeting and nominations were opened. The names of T. E. Nitterauer, Thomas Blackburn, A. T. Fisher, O. A. Peterson, R. J. Hartley, W. R. Greenwood, T. B. Brusegaard were proposed. Mr. Nitterauer withdrew his name in favor of W. R. Greenwood.

It was moved by Bert Kylo that all the above candidates be eliminated after the ballot, except the two receiving the highest number of votes.

In the ballot which followed the two highest were T. B. Brusegaard, 26 votes, and W. R. Greenwood, 39 votes.

A second ballot was then taken on these two names, resulting in a vote of 55 to 46 in favor of Mr. Brusegaard.

A committee of three, consisting of P. T. Brown, A. J. Hayes and T. E. Nitterauer were appointed to wait on the council in session at the city hall, and inform that body of the results of the mass meeting.

The council, acting upon the choice of the meeting, immediately elected T. B. Brusegaard as alderman from the second ward to complete the unexpired term of F. M. Koop.

## MARL DEPOSITS TO BE INVESTIGATED

Legislative Interim Commission for State Cement Plant Takes Cognizance of Same

### TO BE IN CITY ON THURSDAY

Advisory Board of Chamber of Commerce Meets Tuesday, Chamber Meets Wednesday

There has been considerable agitation for the past few months over the matter of marl deposits found in different sections of Crow Wing county. The matter has been brought to the attention of the state university, which sent a chemist to make a thorough examination of the deposits, and he reports that the marl is of an exceptionally fine grade, averaging about 85 per cent.

Now the attention of the Legislative Interim Commission for the State Cement Plant has been centered upon the matter, and O. J. Bouma, secretary of the Chamber of Commerce, has received the following letter, written by Michael Boylan, chairman of the commission:

"Dear Sir: There will be two members of the Commission of the State Cement Plant leave St. Paul Thursday morning and will be in Brainerd Thursday afternoon.

You called me up while I was in St. Cloud some time ago, telling me that there was some possibility that there was the necessary material for the manufacture of cement around Brainerd.

If you will help us get any samples, we shall have them analyzed and find out if there is any possibility of having the plant located at Brainerd."

There was a meeting of the advisory board of the Chamber of Commerce this afternoon for the purpose of looking into this matter and bringing it before the regular meeting of the Chamber Wednesday evening. It is hoped that a large attendance will be out for this Wednesday meeting, as this is a very important matter, and should have prompt attention.

Other matters of vital interest to the club will be brought up at the meeting also, and it promises to be a very lively gathering.

### Card of Thanks

We wish to extend our heartfelt gratitude to our friends and neighbors for their kindness and floral offerings in our hour of sorrow.

Mrs. N. C. Jensen  
Chris Jensen  
Mr. and Mrs. Stanley Vanek

## GIANT CONVEYOR AT PAPER COMPANY

Will be 700 Feet Long, 43 Feet High and 18 Feet Wide, Housed in Large Building

### USED TO TRANSFER LOGS

From Barking Rooms to Stock Pile for Use in Making Paper in the Winter Months

The Northwest Paper Company is making improvements in their Brainerd equipment in the form of a giant conveyor house in a building which is under construction, that will be seven hundred feet long, forty-three feet high and eighteen feet wide.

The conveyor is in the form of a large steel cable carrying logs and running in an iron trough. It will be used to transfer logs after they have been barked and cut up, from the barking rooms to a stock pile for use in making paper during the winter months.

Heretofore barking had to be done in the winter, and it is a very difficult task to peel the bark from the frozen logs.

Now that work can be done in advance through the summer, twenty-five hundred to three thousand cords being prepared for winter use.

Also, the power which hitherto had to be used to bark these frozen logs, can now be used for grinding, thus effecting a saving in fuel consumed as well as in labor used.

The company has over thirteen thousand cords of pulpwood lying in the river now, to be barked, and more than this amount piled high up the river bank, which should give a good supply of paper upon which to work for some time.

### VETERAN EVANGELIST

Rev. Skogsbergh Will Preach at the Swedish Bethany Church Tonight

The well known preacher among the Swedes in the Northwest and the veteran pastor and evangelist within the Swedish Mission Covenant denomination, Rev. E. A. Skogsbergh of Minneapolis, will preach in the Swedish Bethany church at 7:30 o'clock on Tuesday evening, (tonight).

Everybody who can understand the Swedish language are invited to come and hear him. All who know Mr. Skogsbergh will take this opportunity to see and hear him again. He is one of the few preachers who never grow old in the pulpit, although he is now well advanced in age.

### Federated Shop Crafts Auxiliary

The Women's Auxiliary to the Federated Shop Crafts will meet Wednesday afternoon, September 13th at 2:30 in the Trades and Labor hall. Every woman interested in the welfare of the strikers is requested to be present.

## CHURCH DEDICATION AT ROSSBURG, SEPT. 29

Aitkin, Sept. 12—Dedication of the new Swedish Lutheran church at Rossburg will take place Friday evening, Sept. 29, at the time of the meeting of the Brainerd district of the Lutheran Minnesota conferences to be held in Aitkin and the neighboring churches, Sept. 27, 28 and 29.

## GAMBLING IN BASEBALL PARKS

By HENRY L. FARRELL  
United Press Sports Editor

New York, Sept. 12.—"You can't stop gambling on baseball games but you can make it hard for the big gamblers," a prominent baseball official said recently, in discussing the efforts of club owners to remove the gambling menace from the game.

Since 1919 earnest efforts have been made to check the activities of gamblers. The big operators were barred from most of the parks and the use of telephones on the grounds were restricted. In several parks the phones have been removed entirely.

Private detectives are also employed to mix in the crowds in the stands and take any offenders to the gate.

"It isn't the little gamblers that we watch. We know there isn't any particular harm in two friends making a bet of a dollar or two that one team will win or that a batter will get on base or something like that. We consider that a friendly wager. Even bets up into one or two hundred dollars aren't enough to cause concern, but when money starts to be put in the thousands we get busy," this official said.

"There is also a big difference in who is doing the betting. There are many sportsmen who could make a bet of \$10,000 or \$15,000 and we would not be suspicious. We have gone far enough into it to know who the dangerous gamblers are and when they show any signs of activity we get busy.

"We do go after petty gambling when it becomes a nuisance or annoying to spectators. Several years ago there was a little ring that used to go to the Polo grounds and make a book on small bets. They ran around through the crowds and bothered the fans who were trying to watch the game. This practice has been entirely stopped."

Baseball officials figure the action of the St. Louis player in turning over the Douglas "fishing letter" was the finest stroke made against the big gamblers. They believe that the big operators will be very slow about approaching any player when they are running the risk of being exposed.

The Southern Association recently had a big scandal when it was learned that a gambling ring was trying to fix the telegraph operators in the ball parks to delay the account of the game by one play and tip them off by code to what had happened. The gamblers approached a telegraph operator and he turned them in to the company.

It was learned later in the investigation that at least one operator in one of the league cities had "accepted terms." He was sending one play behind and tipping off what had happened. With information that a batter had already reached first, the gamblers were cashing in on bets that he would get on base, etc.

Postal authorities were brought into the case and several arrests are expected. As the proposition was presented through the mails, the government has grounds for prosecution.

## AMUSEMENTS

### Pearl White in "The Virgin Paradise"

Pearl White, the famous screen actress, is compelled to keep herself in the pink of physical condition, in order that she may be able to play the

exacting roles required of her. For instance, in the new picture, "A Virgin

Paradise," Miss White enacts the role of a girl raised on a South Sea island and accustomed to outdoor life. Those who admire Miss White's work will see her at her best in "A Virgin Paradise," which is a Fox production and will be presented at the Lyceum theatre for the last time tonight.

In order to play such difficult roles with great athletic skill, Miss White cannot permit herself to become too stout or too thin. Many of her admirers ask her how she does it.

It is the story of a half wild girl who grew up in the jungle, with wild animals as her only companions, and then was brought into civilization, where she found much to displease her. J. Searle Dawley directed the production.

### John Gilbert in Timberlands Drama

John Gilbert, one of William Fox's most recent and successful stars, is being featured in a tale of the timberlands of Michigan, entitled "The Yellow Stain," which will have its local premiere at the Lyceum theatre on Wednesday and Thursday.

The part portrayed by Mr. Gilbert in this production is unusual, inasmuch as one surmises that he is really acting the part of a coward, whereas the happy ending brings forth the fact that the cowardly stain was merely in the imagination of those surrounding him.

The action of this picture is spirited.

Washington, Sept. 12.—Sale of shipping board fleet of 226 wooden vessels to George D. Perry, San Francisco, for \$750,000 was announced today by Chairman Lasker of the shipping board.

## FIRST PICTURES OF SHOOTING AT ADIRONDACK CAMP

### St. Paul Hay Market.

Timothy—No. 1, \$17; No. 2, \$15; No. 3, \$12.  
Alfalfa—Standard, \$19; No. 1, \$13. Clover Mixed—No. 1, \$15; No. 2, \$12.

### Chicago Potato Market.

Chicago, Sept. 12.—Receipts 220 cars. Minnesota and Dakota Early Ohio, sacked, \$1 to \$1.15; Wisconsin round white, \$1.25 to \$1.40.

## TODAY PRIMARY DAY IN SEVEN STATES

(By United Press.)

Seven states in the United States held primary elections today with fair weather favoring a large vote.

In Massachusetts Senator Henry Cabot Lodge, veteran statesman, was up for the republican nomination for the United States senate.

The republican and democratic parties in Colorado were selecting their respective candidates for congress, the governorship and various other state offices.

In Louisiana the democrats were to nominate a congressman.

A sharp contest between George W. P. Hunt and Charles B. Ward for the democratic nomination for governor was the center of interest in the Arizona primaries.

In Vermont only republican primaries were held, the democrats having held their primaries earlier. A governor, United States senator and two congressmen were to be selected.

The fight for the republican nomination

for United States senator featured the Michigan primaries. Newberyism was the issue.

Primaries were also held in Washington.

## Results From Monday's Maine Election Given

Augusta, Me., Sept. 12.—Almost complete returns from yesterday's elections showed today that Senator Frederick Hale had been elected over his democratic opponent, Oakley C. Curtis, by at least 26,000 votes.

Governor Percival P. Baxter won over William R. Pattangall, democrat, by more than 28,000 votes.

Returns from 586 out of 635 precincts gave Hale 98,830, Curtis 73,178. Baxter with 102,159 votes was leading Pattangall by 28,901, which showed Baxter's majority steadily increasing, elected to the lower house of the state.

Dora E. Pinkham, republican, was elected to the lower house of the state legislature. It will be the first time a woman has held such an office in Maine.

## Claim Administration Endorsed

Washington, Sept. 12.—Republican chiefs hailed the Maine election victory as "an endorsement of the republican administration" in Washington today.

John P. Adams, chairman of the republican national committee, declared the majority pulled by republican candidates in this primary were exceptional, and showed "that the electorates are fully aware of the mess in which the democratic party left public affairs."

## NEW MACHINE SHOOS WORMS FROM EARTH

Greenwich, Conn., Sept. 12.—Peter J. O'Keefe chief storekeeper at the Naval prison, Portsmouth, N. H., has invented a machine to make angleworms come out of the earth to be eaten by chickens.

The device is an electric one. It literally shocks the worms out of the ground and makes them easy prey for the chickens.

Two brass rods are pushed into the earth several feet apart. A wire is attached to each rod and each wire connected with an ordinary telephone magneto. By twisting the handle of the magneto the earth between the rods is shaken and loosened and the angleworms begin to take the air.

## A Delighted Row

"My wife had suffered from stomach and liver trouble for many years and had taken medicine enough to sink a ship; so when I brought home a bottle of Mayr's Wonderful Remedy, on the advice of my employer, she refused to take it. Her liver trouble hadn't helped her disposition any. We had a big row, but she took it the next week. Her ailments have all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.

## GAMBLING IN BASEBALL PARKS

By HENRY L. FARRELL  
United Press Sports Editor

New York, Sept. 12.—"You can't stop gambling on baseball games but you can make it hard for the big gamblers," a prominent baseball official said recently, in discussing the efforts of club owners to remove the gambling menace from the game.

Since 1919 earnest efforts have been made to check the activities of gamblers. The big operators were barred from most of the parks and the use of telephones on the grounds were restricted. In several parks the phones have been removed entirely.

Private detectives are also employed to mix in the crowds in the stands and take any offenders to the gate.

"It isn't the little gamblers that we watch. We know there isn't any particular harm in two friends making a bet of a dollar or two that one team will win or that a batter will get on base or something like that. We consider that a friendly wager. Even bets up into one or two hundred dollars aren't enough to cause concern, but when money starts to be put in the thousands we get busy," this official said.

"There is also a big difference in who is doing the betting. There are many sportsmen who could make a bet of \$10,000 or \$15,000 and we would not be suspicious. We have gone far enough into it to know who the dangerous gamblers are and when they show any signs of activity we get busy.

"We do go after petty gambling when it becomes a nuisance or annoying to spectators. Several years ago there was a little ring that used to go to the Polo grounds and make a book on small bets. They ran around through the crowds and bothered the fans who were trying to watch the game. This practice has been entirely stopped."

Baseball officials figure the action of the St. Louis player in turning over the Douglas "fishing letter" was the finest stroke made against the big gamblers. They believe that the big operators will be very slow about approaching any player when they are running the risk of being exposed.

The Southern Association recently had a big scandal when it was learned that a gambling ring was trying to fix the telegraph operators in the ball parks to delay the account of the game by one play and tip them off by code to what had happened. The gamblers approached a telegraph operator and he turned them in to the company.

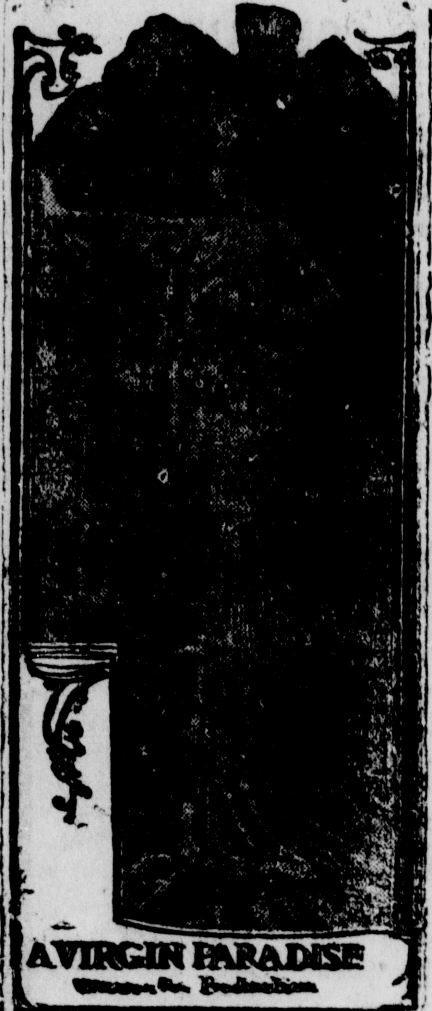

It was learned later in the investigation that at least one operator in one of the league cities had "accepted terms." He was sending one play behind and tipping off what had happened. With information that a batter had already reached first, the gamblers were cashing in on bets that he would get on base, etc.

Postal authorities were brought into the case and several arrests are expected. As the proposition was presented through the mails, the government has grounds for prosecution.

## AMUSEMENTS

### Pearl White in "The Virgin Paradise"

Pearl White, the famous screen actress, is compelled to keep herself in the pink of physical condition, in order that she may be able to play the

exacting roles required of her. For instance, in the new picture, "A Virgin

Paradise," Miss White enacts the role of a girl raised on a South Sea Island and accustomed to outdoor life. Those who admire Miss White's work will see her at her best in "A Virgin Paradise," which is a Fox production and will be presented at the Lyceum theatre for the last time tonight.

In order to play such difficult roles with great athletic skill, Miss White cannot permit herself to become too stout or too thin. Many of her admirers ask her how she does it. It is the story of a half wild girl who grew up in the jungle, with wild animals as her only companions, and then was brought into civilization, where she found much to displease her. J. Searle Dawley directed the production.

### John Gilbert in Timberlands Drama

John Gilbert, one of William Fox's most recent and successful stars, is being featured in a tale of the timberlands of Michigan, entitled "The Yellow Stain," which will have its local premiere at the Lyceum theatre on Wednesday and Thursday.

The part portrayed by Mr. Gilbert in this production is unusual, inasmuch as one surmises that he is really acting the part of a coward, whereas the happy ending brings forth the fact that the cowardly stain was merely in the imagination of those surrounding him.

The action of this picture is spirited.

Washington, Sept. 12.—Sale of shipping board fleet of 226 wooden vessels to George D. Perry, San Francisco, for \$750,000 was announced today by Chairman Lasker of the shipping board.

## FIRST PICTURES OF SHOOTING AT ADIRONDACK CAMP

A view of the lodge at camp Clifford, owned by Jack Clifford, former husband of Evelyn Nesbit Thaw. It was while cleaning a gun in his room at the lodge that "Buddie" Johnson, husband of Peggy Marsh, dancer, shot and badly wounded himself. Insert: Sheriff W. H. Coffey and District Attorney H. A. Jerry start across Chateaugay Lake to question the guests at the lodge.

## MARKET REPORT

(By United Press)

### South St. Paul Livestock.

Chicago, Sept. 12.—Receipts 220 cars. Minnesota and Dakota Early Ohio, sacked, \$1 to \$1.15; Wisconsin round white, \$1.25 to \$1.40.

## TODAY PRIMARY DAY IN SEVEN STATES

(By United Press.)

Seven states in the United States held primary elections today with fair weather favoring a large vote.

In Massachusetts Senator Henry Cabot Lodge, veteran statesman, was up for the republican nomination for the United States senate.

The republican and democratic parties in Colorado were selecting their respective candidates for congress, the governorship and various other state offices.

In Louisiana the democrats were to nominate a congressman.

A sharp contest between George W. P. Hunt and Charles B. Ward for the democratic nomination for governor was the center of interest in the Arizona primaries.

In Vermont only republican primaries were held, the democrats having held their primaries earlier. A governor, United States senator and two congressmen were to be selected.

The fight for the republican nomination

for United States senator featured the Michigan primaries. Newberyism was the issue.

Primaries were also held in Washington.

## Results From Monday's Maine Election Given

Augusta, Me., Sept. 12.—Almost complete returns from yesterday's elections showed today that Senator Frederick Hale had been elected over his democratic opponent, Oakley C. Curtis, by at least 26,000 votes.

Governor Percival P. Baxter won over William R. Pattangall, democrat, by more than 28,000 votes.

Returns from 586 out of 635 precincts gave Hale 98,830, Curtis 73,178. Baxter with 102,159 votes was leading Pattangall by 28,901, which showed Baxter's majority steadily increasing.

Returned to the lower house of the state Dora E. Pinkham, republican, was elected to the lower house of the state legislature. It will be the first time a woman has held such an office in Maine.

### Claim Administration Endorsed

Washington, Sept. 12.—Republican chiefs hailed the Maine election victory as "an endorsement of the republican administration" in Washington today.

John P. Adams, chairman of the republican national committee, declared the majority pulled by republican candidates in this primary were exceptional, and showed "that the electorates are fully aware of the mess in which the democratic party left public affairs."

## NEW MACHINE SHOOS WORMS FROM EARTH

Greenwich, Conn., Sept. 12.—Peter J. O'Keefe chief storekeeper at the Naval prison, Portsmouth, N. H., has invented a machine to make angleworms come out of the earth to be eaten by chickens.

The device is an electric one. It literally shocks the worms out of the ground and makes them easy prey for the chickens.

Two brass rods are pushed into the earth several feet apart. A wire is attached to each rod and each wire connected with an ordinary telephone magneto. By twisting the handle of the magneto the earth between the rods is shaken and loosened and the angleworms begin to take the air.

## A Delighted Row

"My wife had suffered from stomach and liver trouble for many years and had taken medicine enough to sink a ship; so when I brought home a bottle of Mayr's Wonderful Remedy, on the advice of my employer, she refused to take it. Her liver trouble hadn't helped her disposition any. We had a big row, but she took it the next week. Her ailments have all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.
